El Azahar Yearbook Dedication is a prestigious and special award to confer upon someone. It means the dedication of all the "blood, sweat, and tears" which go into the production of a fine school. The person to whom we dedicate this book has worked hard in many aspects of school life. He has put endless hours in our music department and has been a great asset to our students.

In recognition of long years of service to Falfurrias High School, he has been a valuable teacher and displayed many qualities such as friendliness, patience, and willingness. In 1997, he became a counselor, yet remaining to help out the band. His ability to work with the band students as well as the student body will be a treasure to many lives. El Azahar Annual Staff gratefully dedicates this book to one of the finest music directors in Texas-Mr. Joe R. Cadena.
